KEY TO THIS LIST

The letters A-F correspond to how qualified and comfortable the individual judge feels about judging that particular division. "A" would be extremely qualified and "F" would be not qualified at all.

The categories of Novice, Intermediate and Advance correspond to the judges' experience level.

Novice = for judges who are just beginning their judging career. An emphasis is put on providing training opportunities for judges to develop their skills so they can move on to the Intermediate level.

Intermediate = Intermediate-These judges are experienced judges who should be qualified and interested in judging most shows. These judges may or may not be interested in judging extremely large shows.

Advanced = Advanced-These judges are highly experienced judges who should be qualified and interested in judging large shows, including District/Region/State Shows. These judges will probably cost more to hire, but should have the skills to judge a large show effectively.
